

What to Do.

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy fuffils every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant wine or beer, and overcomes that unpleasant necessity of being compelled to go eften during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases, if you need a medicine you should have the best. Sold by druggists in SOc. and \$1, sizes. You may have a sample bottle of this wonderful discovery. wonderful discovery and a book that tells more about it, both sent absolutely free by mall, address Dr. Kilmer & Home of Swamp Rick.

One of the greatest American millionaires once said to his physician. "A million dollars, Doctor, for a new stomach," and then the sick man groaned and turated away. One of a man's greatest pleasures is that born of a keen appetite, vigorous digestian and a good dimer, and this belongs to many a good fellow who is living on small wages, but the rich man without a stomach has to forego the good things of the table because his stomach rebels. Without a has to forego the good things of the table because his stomach rebels. Without a duty, and man is miserable and unhappy. In this cond'ion man is prey to the germs of influence, consumption, malaria and all the ills that he is heir to. Consumption can be treated by natural methods which are as close to nature as posable.

Dr. R. V. Pierce, chief consulting physician of the Invalida' Hotel and Surgical Institute, at Buffalo, N. Y., years ago understood this disease, and after a long period of experiment discovered certain roots and berbs which were nature's remedies, and succeeded in putting them up in a form that would be easily procured and ready to use. This he called Dr. Pierce's Golden Medical Discovery. It gives no false stimulation because it contains no alcohol and the assimilation of such elements in the food as are required for the blood. Instead of a cod liver oil, against which the already sensitive stomach will declare open rebellion, this tonic has a pacifying action upon the sensitive stomach and gives to the blood the food elements the tissues require. It maintains the patient's nutrition by enabling him to est, retain, digest and assimilate autritious food. It overcomes gustric irritability and symptoms of indigestion, and is this way free, night sweats, headaches, etc., are done away with. It fortifies the body against the germs of consumption, grip and malaria, and it builds up the tissues and puts on healthy flesh.

When the druggist says he has something that is 'just as good' as Dr. Plerce's

laris, and it builds up the thanses and puts on healthy flesh.

When the druggist says he has something that is "just as good" as Dr. Pieroc's Golden Medical Discovery, he says so because he hopes to make a better profit, but his own mixtures have not stood the test of long experience nor had the success that Dr. Pieroc's medicines have had.
